Butterworths®

Drafting Trusts & Will Trusts in Canada, 3rd Edition

James Kessler, Q.C. & Fiona Hunter B.A, LL.B., LL.M., T.E.P.

Avoid Costly Drafting Mistakes

Adopting a precedent without understanding it fully is a recipe for trouble. Trust drafting is a professional skill requiring knowledge of the types of trusts used in Canada, the rules pertaining to them – and how these rules differ across all common law jurisdictions. You must also have extensive knowledge of trust law, succession law, plus a fair amount of tax law, some property law, and even some insolvency and family law.

Drafting Trusts & Will Trusts in Canada, 3rd Edition continues to combine commentary on different types of trusts with expertly crafted precedents. The precedents follow a simple, natural drafting style to help you avoid difficulties. Commentary covers a full range of practical issues that underpin trust drafting, including:

- Common drafting mistakes and how to avoid them
- How to draft a trust to suit clients' needs
- How to avoid breaching the rules against perpetuities and accumulations (where still in force)
- When and how to use life insurance trusts
- How to draft and use powers of appointment and powers of resettlement
- Drafting spendthrift trusts and trustees' powers
- How to protect retiring trustees
- How to settle trust property

What's New in this Edition?

- Brand new chapter on tax rules to help less experienced trust drafters understand how trusts are taxed, and when to use – and not use – different types of trusts
- Information on using charitable foundations and charitable trusts
- Specific terminology for drafting insurance trusts to ensure creditor protection
- Latest law and tax treatment of alter ego trusts and joint partner trusts
- Using principal residence trusts for settlers or dependent adult disabled beneficiaries
- Updates throughout on the impact of the new *Saskatchewan Trustee Act*

Includes 10+ expertly drafted precedents on CD-ROM

A Cutting-Edge Survey for...

- **Trusts and estates lawyers** who need authoritative advice on different types of trusts and the rules governing them
- **Law professors teaching trust or succession law** seeking a textbook packed with drafting principles plus up-to-date precedents
- **Estate planners and members of the Society of Trust and Estate Practitioners** who do not draft trusts but need to understand trust principles

About the Authors

James Kessler, Q.C., of Lincoln's Inn, in London, U.K., is a barrister at the revenue bar. He is a founding member of the Society of Trust and Estate Practitioners (STEP), for whom he drafted the STEP Standard Provisions. Mr. Kessler is the author of the prize-winning UK Textbooks *Drafting Trusts and Will Trusts*, now in its 10th edition, and *Taxation of Foreign Domiciliaries*.

Fiona Hunter, B.A., LL.B., LL.M., T.E.P., is a partner with the law firm of Horne Coupar in Victoria, B.C. She has practiced law since 1981, and earned a masters degree in law in 1988. Her thesis focused on trusts. She is currently a member of STEP, the Estate Planning Council of Victoria (of which she is also a past president), and the Canadian Bar Association. She is currently a director on the boards of the British Columbia Law Institute and the University of Victoria Foundation.
