Drafting Trusts and Will Trusts in Australia

James Kessler and Michael Flynn

Based on a highly acclaimed UK title, *Drafting Trusts and Will Trusts in Australia* has been comprehensively adapted to provide authoritative guidance on drafting trusts and will trusts in eight Australian jurisdictions.

Providing both a comprehensive range of precedents and a wealth of valuable advice, *Drafting Trusts and Will Trusts in Australia* cuts through verbosity and helps you to understand and prepare trust documents your client wants and needs. The book features chapters on key areas of trust law, including beneficiaries, trustees, trustees' powers and general provisions of a trust and also offers a large number of precedents for both lifetime and will trusts. The precedents, which appear in printed form and on an accompanying CD-Rom, reveal a fresh approach to creating documents.

A unique addition to the Australian market, *Drafting Trusts and Will Trusts in Australia* is an essential reference for those practising in tax law, estate and succession planning, family law and property law.
